1. INTRODUCTION

- 1.1. The Engineering & Design Institute London (TEDI-London) is committed to ensuring that our programmes meet national threshold standards and to maintaining high academic standards. To this end, we make use of external expertise at certain points in our programmes' lifecycles to ensure objectivity, consistency, and best practice.
- 1.2. This Policy outlines when and how to appoint External Advisers to TEDI-London Academic Programmes (External Advisers), for programme approval and periodic review processes.
- 1.3. This policy does not cover External Examiners; please see the separate [External Examiners Policy](#) for further information.

2. WHEN TO APPOINT AN EXTERNAL ADVISER

- 2.1. An External Adviser is required when a new programme is being approved using the process detailed in the [Programme Development Guidance](#).
- 2.2. An External Adviser is also required for the Periodic Review process. There is further information in the [Programme Monitoring and Review Policy](#).
- 2.3. The External Adviser should be qualified to provide authoritative advice relating to our academic content and delivery.

3. TYPES OF EXTERNAL ADVISER

- 3.1. External Advisers may come from academic institutions, and/or from professional/employment backgrounds, as appropriate to the proposal under consideration.
- 3.2. External academic colleagues should be appointed to provide subject expertise in relation to the programme curriculum.
- 3.3. Industry professional or employer representatives should offer a view on the value and relevance of the proposed programme in relation to industry, the profession and/or employer needs, giving close consideration to any work

placement, work-based learning or employment-related aspects of the programme.

4. SELECTION AND CRITERIA FOR APPOINTMENT

4.1. External Advisers should:

- 4.1.1. hold academic qualifications, at least to the level of the proposed programme
- 4.1.2. be familiar with current developments in the field of study concerned, and, through this experience, be able to benchmark national standards
- 4.1.3. be familiar with the context for UK quality issues, including the QAA Quality Code and any relevant subject benchmarks
- 4.1.4. have understanding and experience of current practice and developments in teaching, learning and assessment in higher education, including appreciation of issues relating to diversity of students in higher education and the impact this has on their capacity to learn
- 4.1.5. have experience in academic quality assurance systems – for example, membership of validation/ professional accrediting panels, activity as external examiner, awareness of diversity issues in higher education
- 4.1.6. be aware of the educational requirements for the engineering profession.

5. CONFLICT OF INTEREST

5.1. We do not appoint as an External Adviser anyone in the following categories or circumstances:

- 5.1.1. a member of the Board or committee of TEDI-London, or a current employee
- 5.1.2. anyone with significant involvement in current or recent teaching collaborations with a member of staff who is closely involved in the delivery, assessment or management of the programme being assessed or reviewed
- 5.1.3. anyone from the same institution as an External Examiner on the Assessment Board for that programme
- 5.1.4. a former member of staff, or former student, unless a period of at least five years has elapsed since their departure.

5.2. All External Advisers must also complete a conflict of interest declaration to ensure there are no personal, financial or other interests that may represent an actual or potential conflict. The Registrar shall consider any actual or potential

conflicts and decide as to whether the conflict is material and, if so, whether it can be mitigated.

- 5.3. It may be appropriate for an External Adviser to be used more than once for a suite of programmes or similar programmes that are undergoing approval in different years. However, over reliance on a single External Adviser should be avoided since it reduces the range of external involvement and benchmarking.

6. PROCESS FOR APPROVAL OF NOMINATION

- 6.2. To gain approval for the proposed External Adviser, the proposed Academic Director should complete a nomination form. This should be submitted to the Registry. The form should be completed in good time before the participation of the External Adviser needs to be confirmed.
- 6.3. If the proposed External Adviser does not fulfil all the criteria for nomination, there should be a specific rationale for the choice of External Adviser recorded on the nomination form.

7. APPOINTMENT

- 7.1. On notification that the nominee has been approved, the People team will write to the External Adviser to inform them of their appointment and outline their duties.
- 7.2. The proposed Academic Director should then contact the External Adviser to brief them about TEDI-London's academic standards as well as more general context for the programme development – for example, policies relating to equal opportunities/diversity, proposed markets, etc.
